FAT

INGREDIENTS

60g chocolate whey protein powder

240g plain Greek yogurt

60ml unsweetened almond milk

15g unsweetened cocoa powder

5g stevia or other sweetener to taste

INSTRUCTIONS

- 1 In a medium bowl, whisk together the protein powder, Greek yogurt, almond milk, cocoa powder, and sweetener.
- 2 Continue whisking until the mixture is completely smooth and no lumps remain.
- 3 Cover the bowl and refrigerate for at least 30 minutes to allow the pudding to set.
- 4 Divide the pudding into four servings and enjoy.
- 5 Optionally, top with a dollop of whipped cream or some fresh berries before serving.

- 15g shredded coconut

PRO TIPS

Measure by Weight

For accurate macros, always use a kitchen scale. Volume measurements (cups, tablespoons) can vary significantly.

Protein Powder Tips

Different protein powders absorb liquid differently. If your batter is too thick, add liquid 1 tablespoon at a time. If too thin, add a bit more flour.

Storage

Store at room temperature for 2-3 days, refrigerate for up to 1 week, or freeze for up to 3 months. Thaw overnight in the fridge.

Meal Prep

Make a double batch on Sunday for the week ahead. Portion into containers for grab-and-go convenience.

Substitutions

Visit proteinpudding.co for our interactive ingredient substitution tool that automatically recalculates macros when you swap ingredients.
